

TREVIBBAN MILL

VINEYARD & ORCHARDS

VENUE

Nestled in the heart of the Cornish countryside, Trevibban Mill is an award-winning vineyard with a spectacular wedding venue offering a stylish and contemporary space in a beautifully rural setting. Close to the dramatic North Cornish coast, next to the picturesque fishing village of Padstow, Trevibban Mill is a sustainable, working vineyard known for its stunning collection of wines and ciders, locally sourced food and valley setting. Your guests will enjoy a warm welcome and perfect levels of hospitality whilst soaking up the views of the countryside from the South facing terraces – a truly magical and unique place to celebrate your wedding.

LOCATION

With far reaching views over the St Issey Valley this magical location was historically the home of a miller and his family with Trevibban taking its name from the mill that would have processed oats and barley for flour on the site during the 18th century. Today, Liz and Engin have lovingly restored and transformed the land into Trevibban's sustainable vineyard, orchards and modern winery.

A short stroll through the vineyards and woodland, leads you to Trevibban's private lake, a stunning and peaceful location for an idyllic ceremony or just one of the many perfect backdrops available for photography on your special day.

Designed to complement the abundant setting, Trevibban Mill's brand-new space for celebrations is modern, luxurious and spacious – stylish and stunningly simple. High end but understated, picture natural textures juxtaposed with Philippe Starck pieces. With a spacious balcony, offering both indoor and outdoor space, the Upper Deck can accommodate 120 guests for a sit-down reception with a further 80 guests for evening celebrations. The Winery bar area is also available for additional space for those larger wedding parties.

FOOD

Food, and of course wine, is at the heart of Trevibban Mill, so the wedding feast will be a delight and one of the highlights of your special day. Menus are created according to what is available to source locally, working to design a bespoke menu tailored for your special day.
